DESIGN OF HIGH-FREQUENCY ANTENNAS FOR REAL-TIME APPLICATIONS (DHARA-2023)

14th – 18th March, 2023

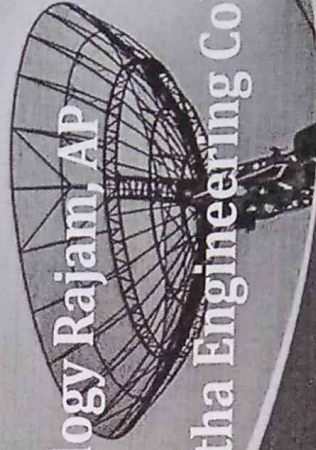

Jointly organized
by

Department of ECE, GMR Institute of Technology Rajam, AP

&

Department of ECE, Velagapudi Ramakrishna Siddhartha Engineering College,
Vijayawada

Andhra Pradesh, India

GMR Institute of Technology (GMRIT) - an Overview

GMRIT is established in the year 1997 by GMR Varalakshmi Foundation - the corporate social responsibility arm of GMR Group. GMRIT is an autonomous Institution, affiliated to JNTUGV Vizianagaram, accredited by NAAC (with A grade) and ranked 188th by NIRF -2022. GMRIT offers aspiring engineers' high quality technical education. GMRIT provides its learning community state-of-the-art facilities, infrastructure and a competent faculty. The Institute encourages collaborative learning between industry and academia as a means of reinforcing its curriculum with practical and real-world experiences. The Department of ECE Started in the year 1999, offers B.Tech in ECE and M. Tech in VLSI & Embedded Systems. The department is accredited by NBA under Tier-1(Phase-4). The department has qualified faculty and nurturing the students with a solid scientific/technical and research capabilities in the design, development and manufacture of Electronic devices and systems used in a wide spectrum of applications.

Velagapudi Ramakrishna Siddhartha Engineering College (VRSEC) - an Overview

VRSEC is the first Private Engineering College in the united state of Andhra Pradesh (AP) and was established in the year 1977. VRSEC is offering 7 UG and 9 PG Programmes in Engineering with various specializations. In addition, the institute is offering PG Programmes of Masters in Business Management (MBA) and Masters in Computer Applications (MCA). All UG programs and 5 PG programs in engineering are accredited by NBA. UGC has conferred the Autonomous status to the Institute in 2006. The institute bagged All India Rank 178 given by NIRF-MHRD in the year 2021. VRSEC was accredited by NAAC with 'A+' grade and certified with ISO 9001:2015. The Department of ECE is established in the year of 1977. The department offers B. Tech program in Electronics & Communication Engineering and M. Tech in VLSI & Embedded systems with an intake of 12. Both UG and PG programs are accredited by NBA.

ABOUT THE PROGRAMME

This FDP intends to:

- Provide insights about the current developments in antennas which are adoptable to modern communication systems viz. 5G, 6G, millimeter-wave communications etc.
- Provide some of the key ideas about design challenges of antennas, role of antennas for energy harvesting, functionality of time-modulated arrays, or even contribution of antenna for self-driving car systems.
- Introduce the recent developments happening in information and communication technology which is applied for agriculture sector.
- Provide some concepts on radiation profile of antenna arrays, conformal and off-body antennas, optimization techniques applied for smart antennas and air-filled waveguide integration in PCB substrate for THz communications.

Who can attend?

Faculty/ Research Scholars/ PG Students/Industry persons.

Platform

Microsoft teams (link will be provided after confirmation through E-mail).

Certificate of Participation

The certificate will be issued for the participants who attain 80% of attendance.

About GMRIT, Rajam

Established in 1997, GMR Institute of Technology has come a long way since its inception and has carved a niche for itself in the corporate world. It is currently placed among the top 50 colleges in the country and among the top 5 colleges in the state of Andhra Pradesh. It offers nine undergraduate and six Post Graduate programs. All B. Tech programs are accredited by NBA under Tier-1 complying with Washington Accord and the college is accredited as an 'A' grade institution by NAAC for the three consecutive cycles. In the ranking done by NIRF-MHRD, GMRIT Ranked 188 at National level in NIRF ranking, MHRD, New Delhi, July 2022. Further, GMRIT was declared as the 1st best Clean & Smart campus by AICTE.

Overview of the FDP

Information and Communication Technology (ICT) can enhance the effect of teaching - learning process. The development of ICT has given new dimension to the pedagogy. The use of technological tools in education is a necessary adoption that will enhance the teaching-learning process in educational institutions. The ICT tools allow the learners to understand the concepts in a simplified process. Teaching methods supported by ICT tools maximize the retention capacity among learners and this adoption of ICT tools in different disciplines is a necessary means to reach to the students in classrooms. With the advancement in technology and changes in the learning methods in teaching, this FDP aims at preparing the faculty fraternity in learning new techniques of teaching for the graduate and post-graduate students. The objective of the FDP is to prepare faculty for their role as motivators, facilitators, mentors and guide for helping students in achieving excellence.
